

THE MRS HOOVER SHOW

Teachers' Notes

We're inviting you and your classes to take part in a very unique show. It always helps if students are prepared for the event. Depending on the amount of time in class you can pick and choose from among the materials available.

With lower levels we suggest you choose the following materials

Mrs Hoover introduction 1
How to Be British True Brit

With higher levels feel free to cover

Mrs Hoover introduction 2,3
Mrs Hoover Article

Mrs Hoover Piece of her mind

[You can work with the texts above in the form of jog saw reading activity.]

HowToBeBritish Texts

For those of you who'd like to provide students with a deeper understanding of why so many foreign students these days go to Brighton and why it is the English language that has become number 1 in the world (or 2?) there are materials on The British Empire and its colonies.

Working with the website

Students at any level can also be encouraged to work with Mrs Hoover website

www.mrshoover.com .

Format

Materials are provided in the PDF and Word format in case you need to adapt them further.

Apologies

Please accept our apologies should we not be able to provide biscuits for all.

As a follow up activity feel free to bring tea and biscuits to class.

Thanks

Last but not least. Many thanks to all the teachers for bringing students to the show and making this experience possible for them.
