

Fresh (Fresher, Freshest)

Whether you're **young** (younger, **youngest**) or **old** (older, **oldest**).
If you're **shy** (shyer, **shyest**) or **bold** (bolder, **boldest**) follow **Fluency MC**.
Stick with **me** and you'll **see** we keep it **hot** (hotter, **hottest**) never
cold (colder, **coldest**). Make it **loud** (louder, **loudest**).
I'm **proud** (prouder, **proudest**) of my **family** around the **world**;
I could **never** be without this. Across the **globe** we're spreading
wide (wider, **widest**). Don't you **know**? We learn through **having fun**.
You ought to **try** this! **Soon** (sooner, **soonest**) you'll learn
quick (quicker, **quickest**). If **studying English** makes you **sick** (sicker, **sickest**),
sing **along** to this **song** to be **strong** (stronger, **strongest**).
Relax and **repeat**. It won't take **long** (longer, **longest**).

Narrowminded people **make** us feel **small** (smaller, **smallest**).
When they're **mean** (meaner, **meanest**), stand **tall** (taller, **tallest**).
More than **good**, you're (better, **best**); don't **rest**; stay on the **ball**.
Never **settle** for **less** and you'll be **great** (greater, **greatest**).
Keep it **real** (realer, **realest**), not **fake** (faker, **fakest**).
Don't be **late** (later, **latest**); get your **rhymes** on **time**.
Then **fast** (faster, **fastest**) to the **top** you'll **climb**. Don't feel
sad (sadder, **saddest**) or **bad** (worse, **worst**) if you **don't** succeed.
You can't **always** be **first**. Try **hard** (harder, **hardest**); you'll go
far (farther, **farthest**) though at **times**, of course, your **mood** will get
dark (darker, **darkest**). **Nurture** your **heart** so it grows **large** (larger, **largest**).
To be **smart** (smarter, **smartest**) will **accelerate** your **pace** but being
kind (kinder, **kindest**) makes the **world** a better **place**.

FLUENCY MC
RELAX REPEAT REMEMBER

Some of you may **say** this style is **weird** (weirder, **weirdest**) but just **studying** these **words** won't get you **near** (nearer, **nearest**) to your **goal** of your **English** sounding **clear** (clearer, **clearest**); but you'll get **close** (closer, **closest**) each and **every** time you **hear** this. It's **stressful** when our **brains** are **full** (fuller, **fullest**). That's **rough** (rougher, **roughest**); **learning** is **tough** (tougher, **toughest**). The **bright** (brighter, **brightest**) keep it **light** (lighter, **lightest**). Sit **back** and **relax** but hold on **tight** (tighter, **tightest**). **Enjoy** and you'll learn **more**. This is **true** (truer, **truest**). And you **knew** this because **this** is nothing **new** (newer, **newest**), but it's **fresh** (fresher, **freshest**). Come **let** me guide you **through** it. With **Fluency MC** the **3Rs** will make you **fluent**.
